Dear Harold

Good to get your letter. I'm enclosing some Enquirer tearsheets ~~for~~ you could have missed.

As to Sprague quotes on Ray-Raoul, I gave you the pertinent ~~infix~~ brief quotes, which were all AP & NYTimes had on that aspect according to Sprague.

I'm about half through my review copy of Mark Lane book (by the way, it's at bookstores here, although publication date ~~is~~ was supposed to have been

May 13). He didn't say Holloman was in Hoover office 25 years, as you

seemed to indicate he did. He said 8 (W^hane says it was 4). Nor did Lane cite the exact years Holloman was in DC FBI office--did he?

I notice Lane mentions you only on page 257, with relation to Redditt,

Richmond, the black firemen and Holloman.

I'm staying on in NY for another month at least.

Best,

Phil
